

SKILLS:

• Azure • Python • PHP • Powershell • Scripting • Software Development • HTML5 • CSS3 • (SASS) • REST APIs
• JavaScript/TypeScript • Vue.js • Angular • React • Bootstrap • SQL (MySQL) • Front-end • Jira • Git/GitHub

EXPERIENCE:

Front-end Developer

July 2022 – Present

Jazzgs - Business Solutions

- Crafted pixel-perfect responsive UIs in React, Vue.js, Angular & Bootstrap based on user research and accessibility best practices.
- Integrated RESTful APIs to surface data dynamically in dashboard views and interactive components.
- Employed SASS and CSS-modules for scalable, maintainable style architecture; optimized bundle size and load times.
- Partnered with UX designers to translate Figma prototypes into production code
- Introduced performance-profiling workflows (lazy loading, code splitting), reducing Time-to-Interactive by 30%.

Software Developer

Aug 2020 - June 2021

Human Resources System (UCR)

- Developed a PHP/MySQL-based web application for HR record-keeping, implementing CRUD interfaces in .NET
- Designed normalized database schemas and wrote complex SQL queries to support reporting
- Provided end-user training and technical support; documented codebase and data flows for future maintainers.
- Collaborated in an Agile team: code reviews in Azure Repos, pull requests in Bitbucket, and sprint planning in Jira.

Education & Certifications

- Bachillerato en Informática Empresarial - Universidad de Costa Rica, 2018–2023
- Técnico en Data Engineer (in progress) - CENFOTEC, Costa Rica

Certifications Obtained

- Responsive Web Design (freeCodeCamp)
- Figma UI/UX Masterclass
- Scrum Foundation Professional Certificate (SFPC)
